NODO BILANCIO E NUOVA GOVERNANCE PER LA CULTURA ETNEA

I sindacalisti di Cgil, Uil, Cisl e Ugl hanno inviato una nota agli uffici di via Notarbartolo

“Teatro Massimo Bellini a rischio paralisi” Appello al neo assessore regionale Messina

CATANIA - Le segreterie provinciali di Cgil, Cisl, Uil e Ugl, hanno inviato ieri mattina una nota all'assessore regionale del Turismo e dello Spettacolo Manlio Messina, per chiedere un incontro urgente sulla grave situazione in cui si trova il teatro Massimo Bellini. La richiesta arriva dopo un incontro convocato ieri dal sovrintendente dell'ente lirico, Roberto Grossi, che ha esposto alle sigle sindacali, presenti con i rappresentanti aziendali delle federazioni Slc Cgil, Fistel Cisl, Uilcom, Ugl spettacolo, insieme ai colleghi di Libersind, SnaIv Confasal e Fials **Cisal**, la problematica relativa al bilancio e ai fondi in entrata e la questione legata alla composizione della governance e del management del teatro.

“**La situazione è drammatica** - sostengono i sindacati -. Dall'ultima riunione di maggio a oggi non ci sono state evoluzioni in positivo. Al contrario, abbiamo potuto appurare come la Regione Siciliana abbia appostato le somme soltanto per il 2019 (incrementandole peraltro rispetto al passato) e per il 2020, mentre l'ente teatrale ha bisogno di una programmazione finanziaria fino al 2021 per chiudere il bilancio triennale richiesto dalla legge.

Senza fondi riconosciuti che, peraltro già esigui rispetto alle necessità, e considerato che Comune e Città metropolitana a causa delle loro vicissitudini non versano il loro contributo da tempo, lo strumento finanziario non si potrà redigere e con la gestione provvisoria in atto sarà impossibile prevedere una programmazione per la nuova stagione lirico - sinfonica”.

“**In più** - sostengono - il nuovo bando per la ripartizione nazionale del Fondo unico per lo spettacolo prevede dei parametri che per buona parte rischiano di penalizzare ulteriormente il teatro catanese, già fortemente danneggiato dalla mancanza o dal ritardo nell'erogazione dei contributi necessari e dall'incertezza gestionale che hanno inciso sull'organizzazione degli spettacoli e soprattutto sulla stagione estiva.

“**A tutto ciò** - aggiungono i sindacalisti - si somma anche la mancanza del Consiglio d'amministrazione, scaduto da oltre un anno, e a breve anche l'assenza del sovrintendente, visto che l'attuale (adesso in proroga) andrà via il 12 agosto e il bando di concorso è in fase di pubblicazione”.

Ad aggravare il quadro il fatto che per avere un nuovo manager operativo si dovranno attendere i tempi della selezione. “Questo - proseguono - significa paralisi, con il rischio che le prime criticità si potranno manifestare già a settembre. Chiediamo dunque - concludono Cgil, Cisl, Uil, Ugl, Confasal e **Cisal** - un confronto al neo assessore regionale affinché insieme al presidente della Regione siciliana Nello Musumeci, si possa trovare una soluzione condivisa per non far morire un pezzo importante della Sicilia a livello mondiale”.
